

# H8

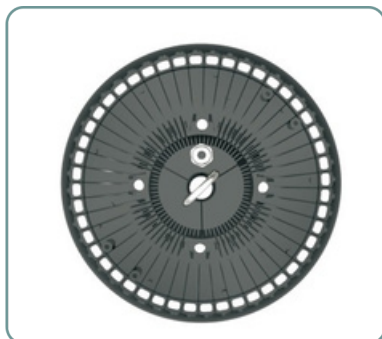

## LED High Bay Light

## H8 100-200W LED HIGH BAY LIGHT

### 6 advantages of the product

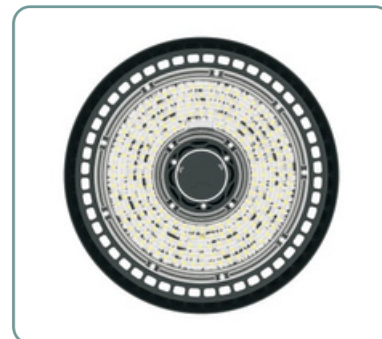

#### ① Light weight

Integrated die-casting process and convection heat dissipation design, higher heat dissipation efficiency and lighter weight.

#### ② New generation SMD LED chip

Combined with an integrated lens and lower current drive, overall light efficiency increased by 10%, lower light attenuation.

#### ③ Multi-angle light distribution

Multi-angle lens light distribution optional, suitable for different scene requirements.

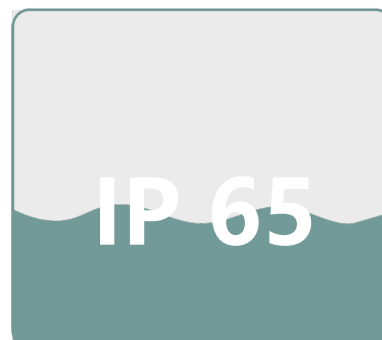

#### ④ Support customized square driver design

#### ⑤ Sensor control

Support sensor control and remote control setting.

#### ⑥ Waterproof grade IP65

Integrated structure waterproof design, eliminate glue for waterproof, waterproof grade  $\geq$  IP65
